REPORT OF THE MANAGEMENT

Type of operations

AS Latvijas balzams (hereinafter also - the Company) is a leading producer of alcoholic beverages in the Baltic states. The Company was established in 1900 as Riga's 1st state alcohol warehouse and has been operating under the current name since 1970. Amber Beverage Group Holding S.à r.l., which owns 89.99% of the Company's share capital, has been the major shareholder of the Company.

Nowadays AS Latvijas balzams is operating two alcohol production facilities in Riga: a factory for the production of strong alcoholic beverages and a factory for the production of sparkling wines and light alcoholic beverages. These factories produce most types of alcoholic beverages, such as sparkling wines, fortified wines, ciders, RTDs (ready-to-drink beverages), vodka, liqueurs, brandy, strong alcoholic beverages, gin, etc. The recipes for some of AS Latvijas balzams products date back hundreds of years; for example, the formula of Riga Black Balsam® was officially written down in 1752. The mission of AS Latvijas balzams is "Excellence in everything we do".

Overall AS Latvijas balzams produces more than 100 different brands. Products produced by the Company are exported to more than 180 export markets mediated by Amber Beverage Group and SPI Group and via AS Latvijas balzams direct export route.

Key suppliers of raw materials and consumables for AS Latvijas balzams represent Latvia, Russia, Lithuania, Estonia, Poland, Germany and Slovakia. Key resources are water and alcoholic raw materials. Water is derived from artesian wells located in territories of the Company. Alcohol for the production of most products is supplied by Amber Beverage Group company Amber Talvis AO to AS Latvijas balzams, which is one of the largest and one of the best in terms of quality producers of high-quality alcohol in the Russian Federation.

Logistics services represent a small, but still significant part of the Company's business: this competence has been increasingly developing over the last years. For the most part, services are rendered to related companies, but the volume of services, such as transit assurance services, bonded warehouse services, value-added services, picking and other logistic services provided to other enterprises of the alcohol industry are growing. The actions taken allow for more efficient use of available resources.

The Company as a socially responsible and sustainable enterprise has developed and complies with basic principles of corporate social responsibility. They have been harmonized with the United Nations Sustainable Development Goals for 2030, guidelines and Nasdaq Riga Cooperate governance principles and are available in the section Corporate Social Responsibility on the Company's website.

For compliance with these guidelines, the Company has drafted and adheres to the following procedures: the Corporate Social Responsibility Policy, the Company Procurement Procedure, the Collective Bargaining Agreement, the Quality Management Handbook, the Ethical Marketing Communications Code, the Anti-Corruption Policy, the Data Protection Policy, the Risk Management Policy, the Remote Work Policy and other internal documents. These documents, policies and procedures contained therein are reviewed regularly in accordance with the Quality Management System. The results of reviews and planned corrective measures are considered at the Company's management meetings.
